Summary

I majored in **Multimedia Design** at Raffles University. I learned fundamental design tools, such as Adobe Illustrator and Photoshop, as well as pre-production skills like storyboarding and photography. I also strengthened my practical skills through 3D design tools like Maya and Houdini.

Based on learning experience, **I aim to create 3D centric multimedia content that engages audiences and leaves a lasting impression.** Currently, I'm focusing on Houdini and Maya, while continuing to explore art fundamental skills such as scene compositing and lighting.

Skills

Tools

Strength

-  Logical / Critical Thinking
-  Attentive listener
-  Insight
-  Patience

Education

Raffles University Johor Bahru, Malaysia
Bachelor in Multimedia Design (Honours)

Interested in

-  Philosophy
-  Economics
-  3D Design

language

Korean : Native
English : IELTS 5.0
